## **HOW TO USE**

To assemble JET, take a trigger, unscrew the caps on the bottles, and following the red A and blue & indicators on the bottle label, insert the tubes into the

Wipe onto the surface.

Fasten the levers
anti-clockwise on each side of
your trigger to secure. Ensure the
nozzle is aligned to the top
line on the trigger head.
JET is now ready for use.

Ensure the surface remains wet for the 1 minute contact time.
Leave to air dry.

Apply at least 2 doses onto a wipe.

When you can't recycle, reuse! Read the 'BIG IMPACT' section below to find out more.
