- FUJIFILM Healthcare
- FUJIFILM Sonosite
- GE Healthcare
- Koelis
- Mcube
- Medcom
- Mindray
- Philips
- Siemens Healthineers
- Samsung Medical

## HIGH-LEVEL DISINFECTION WITH TRISTEL DUO FOAMS

As a partner product for Tristel DUO foams and DUO WIPES, Tristel CLEAN is designed for use as part of a comprehensive reprocessing procedure.

After removing soil and organic matter from the device with Tristel CLEAN, Tristel DUO disinfectants are used for high-level disinfection.

Tristel DUO foam is a chlorine dioxide formulation which provides sporicidal, mycobactericidal, virucidal, fungicidal, yeasticidal and bactericidal disinfection in only 30 seconds.

### Product Code:

TSL023301 Pack of 6 x 240ml

TSL024501 Pack of 2 x 240ml

Tristel CLEAN is classified as a Class I Medical Device according to UKCA and EU MDR.
